PRIOR TO SCHEDULING AN INSPECTION, PLEASE READ THE FOLLOWING:

1. Prior to scheduling an inspection three (3) sets of stamped plans and one (1) digital set must be submitted for review.
2. Fire inspections will be conducted on Wednesdays during normal city business hours unless prior arrangements have been made. Inspections outside of regular business hours will include an after-hours fee.
3. All building fire systems are required to have a current approved annual inspection tag at the time of inspection. Outdated or red/yellow tagged systems will result in disapproved C.O. inspection. Please verify with the building owner that these are current prior to calling for a final inspection. All commercial occupancies require an addressable monitored fire alarm system.
4. Provide keys to your space at the C.O. inspection to be secured in the building's Knox Box.
5. Exit doors must have approved hardware.
6. Fire extinguishers must be mounted in approved locations and have current inspection tags.
7. Extension cords are not allowed as a substitute for permanent wiring.
8. Fire lanes must be in good condition and repainted if needed.
9. This space is NOT to be occupied, stocked, or used for storage prior to the written approval from the City of Krum's building official and fire prevention office.
10. To schedule a certificate of occupancy inspection, plan review, fire inspections, foster care inspections, or re-inspections contact kfdprevention@krumfire.com or developmentsservices@cityofkrum.com / 940-398-7319.
11. An inspection is **NOT** scheduled until you are contacted by the fire prevention office.
